直至空间万物湮灭乎虚空，
直至时间万古消缘于永恒。
会神无人的愚者，
引领着一切互斥的可能性。
请听我讲述这个故事吧——

无可观测的咬尾蛇之舞。

Someone very precious
to me has passed away.
I feel regret.
No one knows,
it was my fault.

Right, it was I.....
If not for me.....
That person would not have died

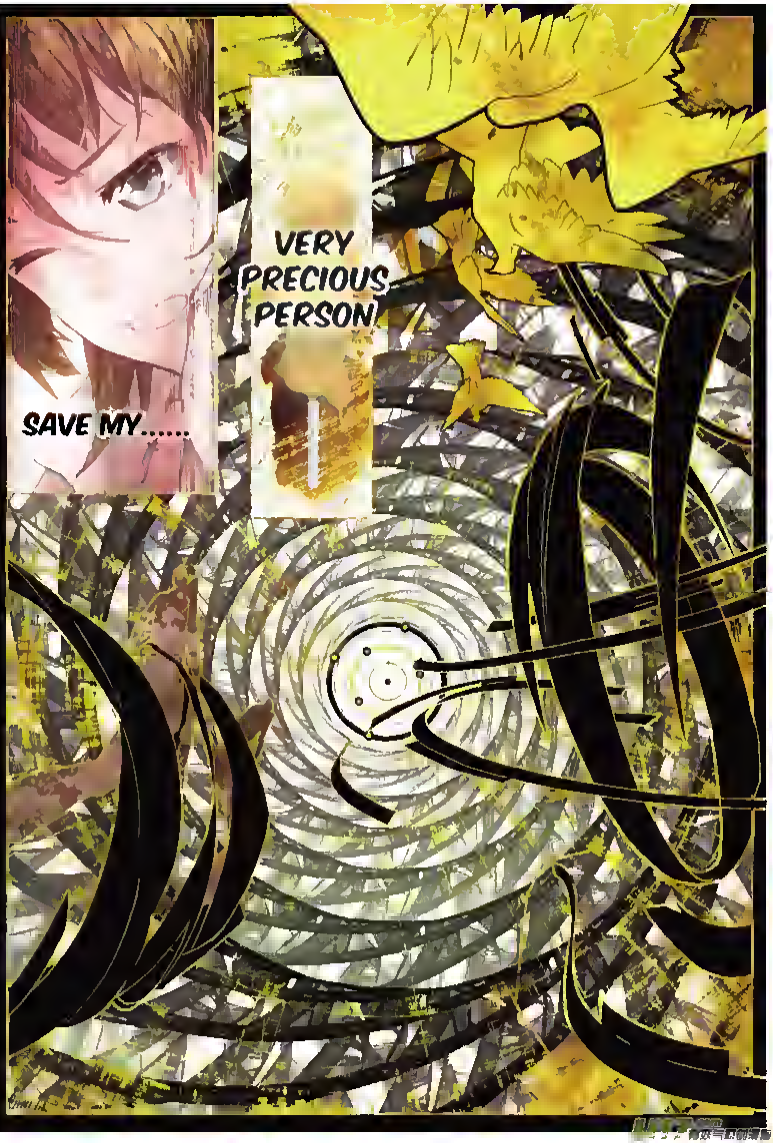
I've come to make up for my mistakes.
TRAVELLING THROUGH TIME AND SPACE,
RETURNING TO THE PAST,
ALL TO SAVE MY

Eh……
The escape pod?!
It feels as if a long time has passed……

UUU!
My memories, my memories have disappeared!
Did this happen because I went against the law of causality and made a paradox?

For causality to work out, was my time travel destination overwritten?
I must remember, there is someone that I must save!!



VERY
PRECIOUS
PERSON
SAVE MY.....

I MUST SAVE SOMEONE
.....
BUT
.....
WHO
.....
WHO MUST I SAVE?

SAFETY SYSTEM ACTIVATING, PLEASE PREPARE YOUR BELONGINGS EJECTING, EJECTING——
NO, I NEED TO GO BACK!
I NEED TO GO BACK INSIDE THE TIME MACHINE!!
THERE'S SOMEONE I MUST SAVE!!

I'VE SLOWED DOWN!
As a key part of the time machine's navigator, there is the function of adjusting gravity within a small range.
This information emerged in my mind of its own accord.....
The umbrella's tied to my hand..... did I tie it before I lost my memories?
This strange clothes.....
This is---

Huh?
I've run into one of the classic problems of time travel.
THE FUTURE ?
I clearly intended to return to the past,
yet arrived at

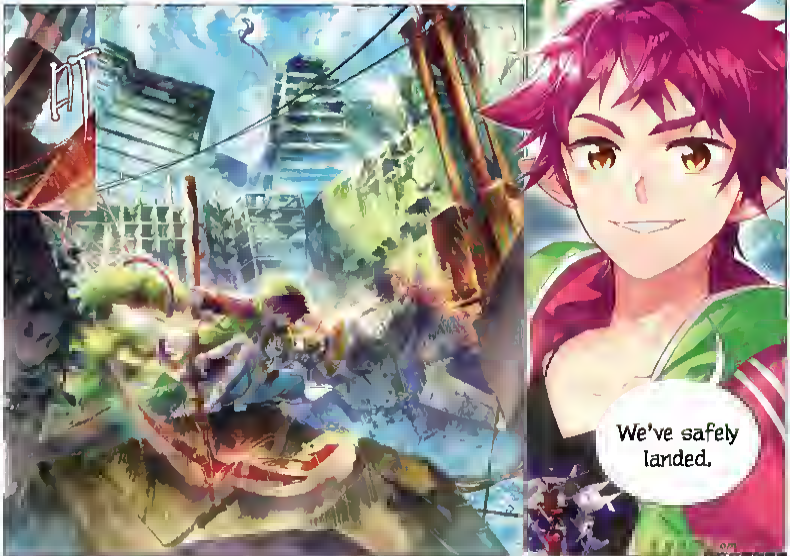
THE ESCAPE POD EXPLODED?!

High-speed wreckage flying by

砰
The pieces were shot aside ?
Someone protected me?

?!
Tch.
In this world.....
Are there still people?!
HELP!

SOMEONE SAVE ME!



We've safely landed.

A person?
Dog teeth? Pointy ears?
A tail?
Jumping ability that doesn't follow common sense and a strange weapon
An alien? A mutant? A beastman? An evolved human?
Dumbstruck? Aren't I awesome?
No matter which way you look at him, he's not completely human!
我为和平而来。
I come in peace.
Mi venas en paco.
Revertar in pace.
要理解，不要战争。不要打架。
Understanding, NO WAR, NO FIGHT.
我，人类！★性！
I, Human! Female!

SPEAK HUMAN.
Or else I'll throw you back into the sky.
Hello, nice to meet you, thank you for saving me.
That's much more like how you normally greet another person.
Normal? Person? As if you have the qualifications to say that!?
What's the matter?
I'm Ulysses.
Ulysses von Bardessa.
The heir of the Bardessa family.

Looks like I'm
not the only one here to receive you.

hold on tight!

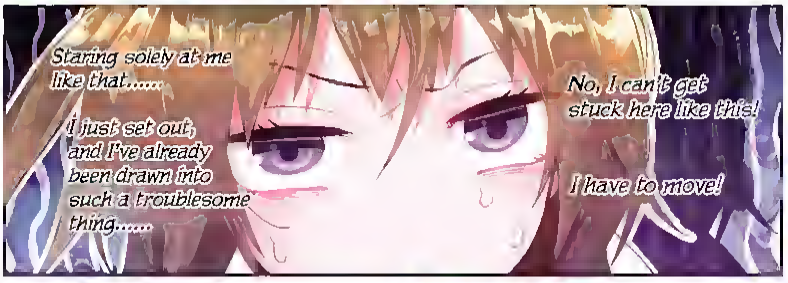
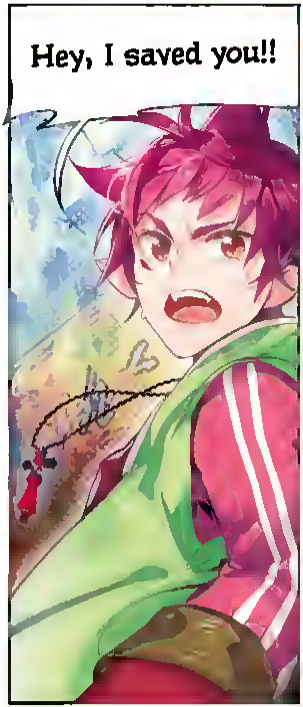
The evil organization that allowed the world to be brought to its current state——
The Cleansing Society.



Staring solely at me like that.....
I just set out, and I've already been drawn into such a troublesome thing.....
No, I can't get stuck here like this!
I have to move!

Stay here for now. Do your best to fight if you need to.
I'll pin him down, then---
Uwah!!
Where'd she go?!

Help the alien
Don't help the alien
The alien is victorious
The alien is defeated
Get dragged into their fight.
Unable to search for the time machine.
I don't want to get involved with you guys!!
糗糗笑



Hey, I saved you!!

唰!

You really.....
Don't know when to give up!

I'll kill you first--
Then I'll go find that reincarnated lady of fate!

It's way too hard to walk here!
Just where did my time machine fly off to?

If it went to some other time and place, wouldn't I have to remain here forever?!

You've finally arrived.

Thank you..... for pulling me up, but.....
Who are you?
I exchanged for this weirdo?
You..... don't recognize me?
Sha Yin, CASPAR000! Don't you remember me?!
Why should I recognize you?

I only just arrived at this time and place!
That's strange, how is it that.....
Could it be——

I only just arrived at this time and place, I won't damage your environment, nor do I have any intention to involve myself in your disputes, I'll leave quietly.
I won't affect your matters in any way, having me remain here won't do you any good, this is my declaration of non-interference as a neutral party--
SPEAK HUMAN!
Don't involve me in your fight.
No way.
You two great heroes, please spare my life!
Please let me leave this place quietly, okay?

Time traveller——
AI WEN!

Just what is this?
Why do they both seem so familiar with me?!
This isn't rational! From head to tail, none of this is rational!
Everything has long been preordained.
You must choose.

Leave this place with me,
I'll take you somewhere safe.
You have to come with me!
